City of Flagstaff Updates Parks, Recreation and Open Spaces Master Plan

Flagstaff, Ariz... The City of Flagstaff Community Enrichment Services and Parks & Recreation Departments are updating Flagstaff's 1996 Parks, Recreation and Open Spaces Master Plan. The Master Plan will identify, make recommendations and set a direction for new facilities, programs and services for the next decade and beyond. More information is available on the project web page at <http://www.flagstaff.az.gov/index.aspx?NID=2114>.

Public input is vital to ensure that the update reflects the community's vision and meets the needs of Flagstaff. As part of the update, all city residents and other interested stakeholders are invited to participate in a survey. The survey can be taken online at <http://www.surveymonkey.com/s/FlagstaffParksAndRecSurvey>, or downloaded from the project web page. The survey is available through 5 p.m., Friday, January 14, 2011.

Additional opportunities for the public to be involved with the Master Plan update project will be provided, including the first of two planned public meetings scheduled for March 3, 2011, from 6:30 to 8:30 p.m., at the Flagstaff Aquaplex. The final plan is expected to be presented to the Flagstaff City Council in early 2012. For more information, or to be added to the project notification list to receive updates and public meeting announcements, please contact Jason Hurd at (928) 522-6015 or jason@intrinsicinfo.com.
